# Muse Code

Product · Meta › Muse · 28 Sep – 4 Oct 2026 · reading r\_08717d10c270, version 1

IN DEVELOPMENT

ATTENTION

## Distinct people, each platform on its own scale

|                 |                                                                                                                            |
|-----------------|----------------------------------------------------------------------------------------------------------------------------|
| Hidden          | Reddit n 14 people; Bluesky n 4 people; YouTube n 0 people; Hacker News n 0 people: each below the threshold of 20 people. |
| Article sources | Not applicable: arXiv and Exa carry articles, which have no authors, so people aren't counted.                             |

No platform counts people for this subject. As of 8 Oct 2026 12:00Z.

**THE PARTS NOT MEASURED YET****Shown as absent, never as zero**

|                 |                               |                              |
|-----------------|-------------------------------|------------------------------|
| <b>Frames</b>   | <div>▣ NOT MEASURED YET</div> | Frames aren't measured yet.  |
| <b>Register</b> | <div>▣ NOT MEASURED YET</div> | Register isn't measured yet. |

**EVIDENCE****The records behind the figures**

Up to 10 records behind each figure with a value, one frozen sample per figure and per platform. The quotes are on the reading page, without authors, so they aren't printed here.

**CONDITIONS****What this reading rests on**

|                       |                                                                                                                                |
|-----------------------|--------------------------------------------------------------------------------------------------------------------------------|
| <b>Window · as of</b> | 28 Sep – 4 Oct 2026 · 8 Oct 2026 12:00Z                                                                                        |
| <b>Days counted</b>   | Reddit 7 of 7 (live); Bluesky 7 of 7 (live); YouTube 7 of 7 (live); Hacker News 7 of 7 (live); arXiv 6 of 7, 1 settling (live) |
| <b>Not counted</b>    | Google News and Exa, no longer collected                                                                                       |
| <b>Method</b>         | 005c-series-v3.1                                                                                                               |
| <b>Release</b>        | 2026-W40, published                                                                                                            |
| <b>Version</b>        | 1                                                                                                                              |
