ATTENTION

## Distinct people, each platform on its own scale

| | | |
|---|---|---|
| **Reddit** | | **2,098 people** · 1.27% of posts |
| **Bluesky** | Hidden: Not counted this week: Bluesky has no day between 8 and 14 June 2026 that AIDRAN counts, so there's no figure to show. | |
| **Hacker News** | Hidden: n 5 people, below the threshold of 20 people. | |
| **Article sources** | Not applicable: arXiv and Exa carry articles, which have no authors, so people aren't counted. | |

People are distinct platform identities, counted on each platform separately and never added across platforms. Bars are scaled to each platform's first place in 2026-W24 (Reddit: Claude, 15,063), so no two platforms share a scale. As of 25 Sep 2026 13:30Z.
