Distinct people who posted about each subject, 19–25 Jan 2026, as of 25 Sep 2026 19:30Z; in development. Each bar is scaled to its own platform's first place (Reddit 7,139, Hacker News 33), so no two columns share a scale. A hidden figure shows its reason on the release page, never a number. All 85 subjects are at aidran.ai/releases/2026-W04.

COVERAGE THIS WEEK

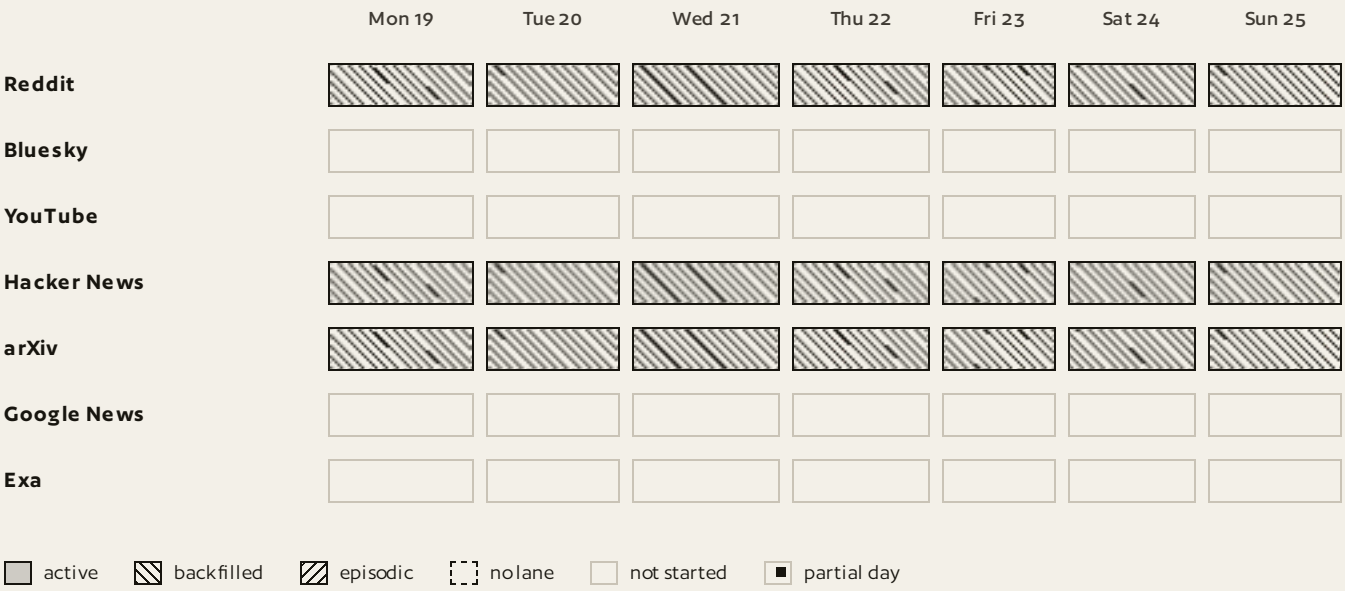
A day can hold posts even when collection hadn't started: they were captured later.



Each lane's status for each day of 2026-W04, from its coverage as of 25 Sep 2026 19:30Z. Every status is shown by shape and a label, never by colour alone; each platform's days, in words, are on the release page.
