| Hidden          | YouTuben 1 people; Hacker News n 1 people: each below the threshold of 20 people.                          |                             |
| Article sources | Not applicable: arXiv, GoogleNews and Exa carry articles, which have no authors, so people aren't counted. |                             |

People are distinct platform identities, counted on each platform separately and never added across platforms. Bars are scaled to each platform's first place in 2026-W38 (Reddit: Claude, 8,811; Bluesky: Claude, 895), so no two platforms share a scale. As of 2 Oct 2026 04:00Z.
