| Article sources | Not applicable: arXiv and Exa carry articles, which have no authors, so people aren't counted. |                                    |

People are distinct platform identities, counted on each platform separately and never added across platforms. Bars are scaled to each platform's first place in 2026-W39 (Reddit: Claude, 10,887; Bluesky: Claude, 1,422), so no two platforms share a scale. As of 2 Oct 2026 04:00Z.
