ATTENTION

### Distinct people, each platform on its own scale

|                 |                                                                                                |                                    |

| Reddit          | <div></div>                                                                                    | 1,947 people · #6 · 0.90% of posts |
| Bluesky         | <div></div>                                                                                    | 185 people · #11 · 0.38% of posts  |
| Hidden          | YouTuben 11 people; Hacker Newsn 5 people: each below the threshold of 20 people.              |                                    |
| Article sources | Not applicable: arXiv and Exa carry articles, which have no authors, so people aren't counted. |                                    |

People are distinct platform identities, counted on each platform separately and never added across platforms. Bars are scaled to each platform's first place in 2026-W39 (Reddit: Claude, 10,887; Bluesky: Claude, 1,422), so no two platforms share a scale. As of 2 Oct 2026 04:00Z.

## EVIDENCE

### The posts behind the figures

Up to 10 posts behind each figure with a value, one frozen sample per figure and per platform, drawn once on 2 Oct 2026 19:38Z. Reddit's people figure: 10 drawn from 2,466. The quotes are on the reading page, without authors, so they aren't printed here.
