ATTENTION

Distinct people, each platform on its own scale

Reddit		**255 people** · #19 · 0.13% of posts
Bluesky	Hidden: Not counted this week: Bluesky has no day between 13 and 19 April 2026 that AIDRAN counts, so there's no figure to show.	
YouTube	Hidden: Not counted this week: YouTube has no day between 13 and 19 April 2026 that AIDRAN counts, so there's no figure to show.	
Hacker News	Hidden: n 0 people, below the threshold of 20 people.	
Article sources	Not applicable: arXiv, Google News and Exa carry articles, which have no authors, so people aren't counted.	

People are distinct platform identities, counted on each platform separately and never added across platforms. Bars are scaled to each platform's first place in 2026-W16 (Reddit: Claude, 14,858), so no two platforms share a scale. As of 25 Sep 2026 19:30Z.
