

READING · RELEASE 2026-W39

# AutoClaw

Product · Zhipu AI · 21–27 Sep 2026 · reading\_r\_c03d0907cf4d, version 1

IN DEVELOPMENT

ATTENTION

## Distinct people, each platform on its own scale

|                 |                                                                                                                           |
|-----------------|---------------------------------------------------------------------------------------------------------------------------|
| Hidden          | Reddit n 0 people; Bluesky n 0 people; YouTube n 0 people; Hacker News n 0 people: each below the threshold of 20 people. |
| Article sources | Not applicable: arXiv and Exa carry articles, which have no authors, so people aren't counted.                            |

No platform counts people for this subject. As of 2 Oct 2026 04:00Z.

## THE PARTS NOT MEASURED YET

### Shown as absent, never as zero

|               |                             |                             |
|---------------|-----------------------------|-----------------------------|
| <b>Frames</b> | <div>NOT MEASURED YET</div> | Frames aren't measured yet. |
|---------------|-----------------------------|-----------------------------|

|                 |                             |                              |
|-----------------|-----------------------------|------------------------------|
| <b>Register</b> | <div>NOT MEASURED YET</div> | Register isn't measured yet. |
|-----------------|-----------------------------|------------------------------|

## EVIDENCE

### The posts behind the figures

Up to 10 posts behind each figure with a value, one frozen sample per figure and per platform. The quotes are on the reading page, without authors, so they aren't printed here.

## CONDITIONS

### What this reading rests on

|                       |                                                                                                                                |
|-----------------------|--------------------------------------------------------------------------------------------------------------------------------|
| <b>Window · as of</b> | 21–27 Sep 2026 · 2 Oct 2026 04:00Z                                                                                             |
| <b>Days counted</b>   | Reddit 7 of 7 (live); Bluesky 7 of 7 (live); YouTube 7 of 7 (live); Hacker News 7 of 7 (live); arXiv 6 of 7, 1 settling (live) |
| <b>Not counted</b>    | Google News, no longer collected; Exa, collected only now and then                                                             |
| <b>Method</b>         | 005c-series-v3.1                                                                                                               |
| <b>Release</b>        | 2026-W39, published                                                                                                            |
| <b>Version</b>        | 1                                                                                                                              |

## CITATION

### How to cite this reading

|                |                                                                                                                                                                                                                    |
