IN DEVELOPMENT

ATTENTION

## Distinct people, each platform on its own scale

|                 |                                                                                                                                   |
|-----------------|-----------------------------------------------------------------------------------------------------------------------------------|
| Bluesky         | Hidden: Not counted this week: Bluesky has no day between 17 and 23 August 2026 that AIDRAN counts, so there's no figure to show. |
| Hidden          | Reddit n 6 people; Hacker News n 0 people: each below the threshold of 20 people.                                                 |
| Article sources | Not applicable: arXiv, Google News and Exa carry articles, which have no authors, so people aren't counted.                       |

No platform counts people for this subject. As of 25 Sep 2026 13:30Z.

### The posts behind the figures

Up to 10 posts behind each figure with a value, one frozen sample per figure and per platform. The quotes are on the reading page, without authors, so they aren't printed here.
