ATTENTION

Distinct people, each platform on its own scale

Reddit		**790 people** · 0.46% of posts
Hacker News	Hidden: n 5 people, below the threshold of 20 people.	
Not counted	Bluesky and YouTube have no day between 24 and 30 August 2026 that AIDRAN counts, so there's no figure to show.	
Article sources	Not applicable: arXiv and Exa carry articles, which have no authors, so people aren't counted.	

People are distinct platform identities, counted on each platform separately and never added across platforms. Bars are scaled to each platform's first place in 2026-W35 (Reddit: Claude, 8,840), so no two platforms share a scale. As of 25 Sep 2026 13:30Z.
